### Investment Philosophy

With an average of 15 years industry experience, the Frantzen investment team employs a fundamental, bottom up, disciplined security evaluation process to identify stocks for inclusion in the portfolio. Employing a strict buy and sell discipline driven by fundamental analysis and a technical overlay, Frantzen seeks to deliver capital appreciation through full investment and participation in the US equity markets. Our objective is simple: identify great companies that are also great stocks to own. To accomplish this, we are committed to the following:

- We believe in extensive research
- We believe in the fundamental principles of GARP
- We believe in the value of understanding the momentum of the market and its impact on individual sectors, industries, securities and relative market strength

### Frantzen Investment Process:

## Performance Disclosure

1. Frantzen Capital Management, Inc. claims compliance with the Global Investment Performance Standards (GIPS®).
2. Frantzen Capital Management, Inc. is a SEC registered investment adviser. The firm maintains a complete list and description of composites, which is available upon request.
3. The U.S. Dollar is the currency used to express performance. Returns are presented gross and net of fees and include the reinvestment of all income.
4. The Frantzen Small Cap Growth Composite contains fully discretionary accounts that are invested in small cap growth equity securities. The composite is measured against the Russell 2000 Growth Index. The Russell 2000 Growth Index measures the performance of the small-cap growth segment of the U.S. equity universe. It includes those Russell 2000 companies with higher price to value ratios and higher forecasted growth values. Russell Investments is the owner of the trademarks, service marks, and copyrights of its respective indexes.
5. This is not a recommendation to buy or sell securities. Past performance is not indicative of future results.
